- **Car type** Convertible / Roadster
-

Description

- Registered in 1995, with a "Cooper" injection engine. About 58,000 km covered.
- With the resumption of production of the legendary Mini in the 1990s, Rover commissioned the construction of a convertible version of the small car.
- Very limited production due to cost, around 414 units.
- Metallic green bodywork with green soft-top and grey hood, both perfectly preserved. Grey interior.
- Very elegant and exclusive, unmistakable British style.
