Factory options include: Stripe delete, McIntosh audiophile-quality CD Stereo system with 8 subwoofer, Lightweight Forged BBS alloy wheels, and Grey painted brake calipers.

Powered by a 5.4 liter supercharged modular V-8 engine, developing 550 bhp @ 6500 rpm and 500 ft. lb. of torque @ 3750 rpm. 0-60 in 3.3 seconds with a top speed of over 200 mph and will do the 1/4 mile in 11.6 seconds at 128 mph.

This Ford GT is in like-new condition throughout with only 7000 miles from new! Built in November of 2005, it is an early vin. According to author Limongelli & Cipriani and their book FORD GT: THE COMPLETE OWNERS EXPERIENCE, this one of the first 100 cars produced. The significance here is because it was one of the last built cars from the original build and design team at Ford. Additionally this GT is 1 of only 7 produced in Midnight Blue Metallic with the center and side stripe delete. Many owners have simply removed the striped from their cars, this GT car was built this way from the factory.

Complete with its original books, window sticker and car cover, this GT is exceptional in every way.
