

CLASSIC DRIVER

Heat up your race engines for the Fast Christmas Tree Challenge

Lead

This season, Classic Driver and Automobilist have joined forces to bring you the world's fastest Christmas Tree Challenge. All you need to do is start up your classic or supercar, put a tree on top, and show us how you deliver it in style.

Share the photos, videos or renderings on your Instagram channel before December 23 using the hashtag #fastchristmas and tag @classicdriver and @iamautomobilist. The coolest 3 Christmas delivery cars will receive a surprise poster package from Automobilist. Now let there be donuts and missile toes. And just don't let it slow.
