[This year, let your car be your valentine](#)

Lead

You can't treat a car like a human being - a car needs love! So this year, let your car be your valentine and surprise it with the latest automotive beauty products and accessories from the CD Shop. We guarantee: they will make your automobile shine just like the day you first fell in love.

It has been on your side for ages, gifting you with precious moments of joy and happiness, making your life less ordinary. Now is the time to give something back - and let your car be the centre of attention. How about a custom steering wheel, a handmade wooden gearknob, a set of retro-style seat inlays, a tanned leather jump lead kit, or even a beautiful new key to its gas-guzzling heart? Of course you could also have a look at our latest automotive beauty and grooming products. Why not show your car you care with a detailing kit, complete with cleaning products, brushes, and microfiber sheets - and grant it some TLC on the international day of love? If your special someone is parked on the driveway, [take a look at our Valentine's gift guide in the CD Shop](#).
