Description

"DUE TO CIRCUMSTANCES BEYOND OUR CONTROL, THIS LOT HAS BEEN WITHDRAWN FROM THE AUCTION

This example was originally professionally handcrafted in 2009. The base unit car is a Porsche 944 S2, sporting a 3-litre engine, which has undergone an extensive overhaul and performs very well; many new service items have been fitted, with starter and alternator being rebuilt, new belts, new ignition parts, new fuel and coolant hoses and a dual cone air filter fitted. The braking system has also been renewed with a full set of new brake discs, calipers and pads and new flexi hoses. Suspension is all standard Porsche and at the time of overhaul new dampers were fitted as well as suspension bushes. Also fitted with a stainless steel Topgear Longlife exhaust with four tailpipes, a heated rear screen and electric windows, bonnet straps and clasps, headlamp fairings with chrome surrounds, door chrome trims in stainless steel and front and rear screen chrome surrounds.

Offered in good order throughout the coachwork is presented in Rosso Corsa and the interior is finished with a wood trim steering wheel. The radio/CD player has the benefit of Bluetooth connectivity with a USB port and looks the part! A real one-off example we are sure ownership will be an unforgettable experience.
