Description

"First launched in the 2006 model year, the Cayman is a coupé derived from Porsche's second and third generation Boxster roadster, styled in its first iteration by Pinky Lai. All Caymans were manufactured in Finland by Valmet Automotive. The car is not named after the Cayman Islands. Both the car and the islands are named after the caiman, a member of the alligator family. When the Cayman arrived at dealerships for sale, the automaker adopted four caimans at Stuttgart's Wilhelma Zoo.

Presented in Guards Red with black leather trim, this 6-speed manual gearbox example of the 987 Cayman S has only covered a mere 38,412. Specified from new with 19-inch sport design wheels, Sport Chrono Plus Package, sports seats and steering wheel, PSM and PCM navigation to name a few options listed on the original build sheet provided. Boasting a main dealer service history, this two-former keeper example was initially a Porsche demonstrator hence the specification. Presented in what our vendor describes as "collector quality", this is a fabulous example of one of the most drivable sports cars available today."
