

CLASSIC DRIVER

Give the gift of Classic Driver this festive season with our anniversary book

Lead
If you're looking for something to really impress your loved one this Christmas time, our 25th anniversary book is the perfect present to take a deep-dive into some of our favourite stories, all while looking fantastic on your coffee table!

The festive period is a time for fun, laughter, a sip of your favourite alcohol, and chance to indulge in as much turkey and stuffing as your body can handle. Whilst all of those things are perfect acceptable, the festive break can also be a time to relax and unwind, which usually entails creaking open the pages of a book or two.

You've done your favourite celebrity's autobiography cover-to-cover, the kids know their bedtime books off by heart, but thanks to our book partners Delius Klasing, we've put together the perfect book to get stuck into over the winter. Spread across 400 pages, you can expect to find immensely high-quality imagery paired with in-depth and entertaining stories of the most beautiful cars, the most exclusive collections, the most passionate personalities.

Classic Driver has remained at the forefront of style and quality since 1998, with each story being brought to life through the eyes of some of the world's best photographers, including Rémi Dargegen, Tom Shaxson, Amy Shore, Andrea Klainiguti, Stephan Bauer and many others. While the imagery places you firmly within the action, our stories showcase automotive trendsetters whose passion shines through, with names like Mai Ikuzawa, Eugenio Amos and Arthur Kar sharing their car-obsessed upbringings.

We may be a little biased, but we think there's no better book to get stuck into perched in a comfy armchair by the fire with a glass of scotch to hand. Pick up your copy of 'The Best of Classic Driver' now in the CD Shop.
